

1922 IRISH OVERPRINTS

Bulletin 272 Pg.14-15.

ROY GAULT writes, "The 1922 Irish Overprint article is still bringing in a few replies. Altogether some 20 people have now contributed details. The original list of 20 dies has expanded to 50, plus another 8 dies known only on Eire issues, producing around 170 variations of value and overprint type.

I will be producing an updated list with full illustrations of the dies and plan to send a free copy to all those who contributed. Anyone else who is interested can obtain a copy from the Librarian when the price has been calculated."
